

## Instructions for Installing Your Rear Seat Cover

**This is a general set of instructions for installing the Corbeau Rear Seat Cover into your CJ, YJ, or TJ Jeep®. Please note that this cover is made to go over your stock seat cover.**

### Seat Back Installation

1. Remove the stock fold and tumble seat from your Jeep. ®
2. Orient the seat cover so that the round logo is on the front left corner of the seat.
3. Slip the cover over the top of the seat.
4. Release the latch and slightly tilt the seat forward to make the opening bigger between the upper and lower seat.
5. Tuck the front flap(s) through the opening towards the back.
6. Fold the seat all the way forward and fasten the Velcro strips to each other along the bottom.

### Seat Base Installation

7. Place the Base cover over the seat.
8. Slip the smaller flap under the seat back.
9. Slip the larger flap under the front of the seat, between the seat hardware.
10. Flip the seat over onto its face.
11. Pull the small flap that is between the upper and lower seat through letting the sides wrap around the hardware.
12. Wrap the side flaps around the base and tuck the edges around the seat hardware.
13. Finish off the base by zipping or hooking hooks together, and fastening Velcro together on the corners.
